RICHMOND HONDA RAISES MORE THAN \$6,500 FOR RICHMOND HOSPITAL

Richmond Honda raised more than \$6,500 in support of lifesaving emergency equipment at Richmond Hospital. This past year, Richmond Honda chose Richmond Hospital Foundation as their Richmond-based charity, supporting local health care by helping to fund equipment used in Code Blue emergencies when a patient arrests and requires resuscitation. Funds were raised by staff bake sales and 50/50 raffles.
