

## For Immediate Release September 8, 2011

### Natalie D. Meixner joins Richmond Hospital Foundation

We are pleased to announce Natalie D. Meixner is the new President & CEO of Richmond Hospital Foundation effective September 19, 2011. Natalie has nearly 30 years business experience working in both the private and charitable sectors and joins us from VGH & UBC Hospital Foundation where she was the Sr. Vice President of Fundraising & Marketing. Prior to her experience at VGH, she was Vice President, Donor & Community Relations for United Way of the Lower Mainland.

Natalie has worked with donors from all walks of life including individuals, families and corporations to help raise funds to support important causes. She enjoys working with culturally diverse groups and takes pride in connecting individuals with their communities. Natalie strives to truly understand the needs of the doctors and our health care teams to help them provide the best level of care possible, to the greatest number of patients.

Natalie and her husband Gary are long time Richmond residents, with three grown daughters who all attended school in Richmond and four grandchildren who were all born at Richmond Hospital. She is excited and passionate about improving the quality of life for the people in Richmond and is looking forward to leading the Richmond Hospital Foundation in achieving new heights within the community.
