

PRESS RELEASE

RICHMOND HOSPITAL
FOUNDATION

FOR IMMEDIATE RELEASE: August 10, 2010

Race for Life!

Richmond Go-Kart “Family & Friends Fun Day” Was A Great Success!

This past Saturday morning racers braved the pouring rain and took to the tracks at Richmond Go-Kart spending the morning ‘Racing for Life’. Despite the weather, the crowd was filled with smiling faces. Guest of all ages enjoyed the all inclusive tickets: *unlimited* go-kart racing, hot dogs, drinks, ice cream, popcorn, amazing balloon animals by Hambone the Clown and professional face painting.

Mr. Tony Pappajohn, Owner, Richmond Go-Kart say, “we would like to make this an annual event and make each year bigger and bigger turning it into a Richmond Country Fair with 100% of the processed being donated to the Richmond Hospital Foundation. Being a long time resident of Richmond we are very happy to give back to our community”.

“It was a fantastic event. What a terrific way to spend time with family and friends – we were wet, but happy. Special thanks to Tony Pappajohn and all his staff for generously providing the track and facilities to us for this first annual “Race for Life” said Lisa Westermarck, CEO, Richmond Hospital Foundation. “Can’t wait for next year!”

Richmond Hospital Foundation is a registered charity that is committed to raising money to fill the gap between government funding and the greater needs of our hospital.
