KING'S AUTO LEASE GIVES BACK TO THE COMMUNITY BY DONATING TO RICHMOND HOSPITAL

Holding a strong belief in giving back and supporting their local community, King's Auto Lease raised \$70,000 from their 4th annual King's Auto Gala – "A Night for Richmond". Over 200 clients, friends, staff and family came together to raise money for Richmond Hospital Foundation's ACT NOW Campaign in support of building a new Acute Care Tower for Richmond Hospital. King's Auto Lease understands there is a need for a new Acute Care Tower and recognizes the impact it will have for health care in the community and at Richmond Hospital. Owner Patrick Lee, born and raised in Richmond, recognizes the importance of supporting local health care and building a healthier future for Richmond.

Joyful Giving. Joyful Living.

Richmond Hospital Foundation

For over 30 years, Richmond Hospital Foundation has raised over \$100 million to help fund vital medical equipment, improvements in patient care services and upgraded facilities. Our goal is to inspire joyful giving within our community to build a better and healthier future for Richmond.

ACT NOW Campaign

Richmond Hospital urgently needs a new Acute Care Tower to replace the original hospital tower, which is more than 50 years old, seismically unstable and obsolete with severely deficient infrastructure unable to meet the needs of Richmond's dramatically growing and aging population. More in-patient beds, larger operating rooms and a "future-ready" design will be just some of the many innovative features in the tower. Richmond Hospital Foundation's goal with its ACT NOW campaign is to inspire giving to raise at least \$50 million in philanthropic commitments to help fund a new Acute Care Tower at Richmond Hospital.
